OCTOBER 2008

Flooring: Teragren

Synergy Floating Floor from Teragren is the first wide plank strand bamboo floating floor to feature the Välinge-patented, glueless self-locking system. It is perfect for high traffic installations as the product averages 63 percent harder than red oak and 45 percent harder than North American maple. It is also

engineered with a top wear-layer of Optimum 5.5™ Moso strand bamboo. Planks are available in 7 11/16 in. width and 75 in. in length.
