

## High-Traffic Flooring

### NO MAINTENANCE FLOORING

Envirocare vinyl flooring by **Nora Rubber Flooring** for high-traffic healthcare and educational applications is available in 48 nature-inspired colors. Easy to clean because of its dirt- and stain-resistant properties, the flooring never needs waxing or sealing. Envirocare is sound absorbent, slip-resistant according to ASTM D 2047 and GreenGuard Indoor Air Quality certified. Visit [www.norarubber.com](http://www.norarubber.com) or Circle **348**.

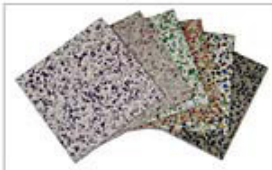

### ROBUST BAMBOO

**Teragren's** commercial SYNERGY strand bamboo flooring is ideal for high-traffic areas. Available in 8-in. solid strips in wheat, chestnut or java colors, the flooring can now be manufactured with a formaldehyde-free adhesive, allowing it to help qualify projects for LEED MR Credit 6 for rapidly renewable materials, and IEQ 4.4 for low-emitting materials. The pre-finished micro-beveled planks are coated with a water-based, solvent-free, six-coat aluminum oxide and scratch-resistant polyurethane finish. Visit [www.teragren.com](http://www.teragren.com) or Circle **350**.

### DOWN UNDER

Raised floor in terrazzo and gem finishes by **Tate Access Floors** are ideal for high-traffic applications, including lobbies, hallways and corridors. Available in 24-in. x 24-in. square tiles, the finish is made of natural marble, granite, quartz aggregate and/or eco-friendly recycled glass

embedded in a flexible resin matrix and polished to a high-gloss shine with Italian polishing abrasives. The terrazzo finish comes in 20 standard colors, while the gem line is available in 10 different color combinations. Additional looks can also be achieved by mixing and matching marble or glass chips with various background colors or by introducing new chips or pigments to the backgrounds. Visit [www.tateaccessfloors.com](http://www.tateaccessfloors.com) or Circle **349**.

### SQUARED IN

The Crestview Plank and Roman Stone patterns of **Nafco** by Tarkett's Best Living Collection are ideal for healthcare, commercial and institutional applications. Offering a 10-year commercial warranty, the high-traffic flooring features Tarkett's Tritonite wearlayer that discourages scrapes and scratches. Available in 3-in. x 36-in. vinyl planks with a rolled-edge treatment that helps hide sub-floor imperfections, Crestview Plank comes in maple, bleached ash, pecan, medium and light oak and beech. Roman Stone is available in 12-in. x 12-in. square vinyl tiles with rolled edges and five colors: ionic white, beige, green stone, khaki and marl. Visit [www.nafco.com](http://www.nafco.com) or Circle **347**.
