## HOME DECOR PRODUCT NEWS

### TOTALLY FLOORED

Teragren, a bamboo flooring manufacturer, has introduced its Portfolio Strand Bamboo Floating Floor collection. The line comes in 10 colorways, including Rich Cognac (pictured), and two offerings featuring hand-scraped finishes. The eco-friendly flooring is said to be harder than red oak and North American maple. To locate a dealer, log on to [teragren.com](http://teragren.com).
