## Teragren and Abbey Carpet sign agreement

(10/13/2010 9:19:28 AM)

[Bainbridge Island, Wash.] Teragren has signed an agreement with Abbey Carpet Company to provide Teragren bamboo flooring and countertop products to Abbey's participating retailers. The company includes Abbey Carpet & Floor, Floors To Go, and The Floor Club.

"Teragren has great brand recognition because their products are of the highest quality," said David Hardy, executive vice president of merchandising for Abbey. "As the only FloorScore-certified bamboo flooring manufacturer offering a full line of bamboo flooring products in a wide variety of dimensions, colors and price points, Teragren bamboo is in high demand. It's also a great alternative to traditional hardwoods for the rapidly growing segment of environmentally-conscious consumers."

Under the terms of the agreement, Abbey members will have access to Teragren's eight complete FloorScore-certified bamboo flooring product lines, all flooring accessories, and stair parts including their line of bamboo countertops/table tops. The program will formally launch at Abbey's Convention, which will take place in February 2011 in Reno, Nev.
