Synergy Bamboo Floating Flooring

by Teragren

By: [Katy Tomasulo](#)

From: [New and Notable Green Products](#)

Synergy wide-plank strand bamboo floating flooring features a glueless self-locking system for easier installation. The flooring includes a 4-mm top wear layer of Optimum 5.5 Moso strand bamboo mounted on a 100% bamboo core for stability, and it is durable enough for high-traffic installations, according to the firm. Four colors are offered: wheat, chestnut, java, and new brindle, a blend of natural and caramelized bamboo strands. 800.929.6333.
